February 2, 2026

It is time to begin planning for our annual Summer Library Program. This year's theme is "Unearth a Story," and we need your help so our area children can have the best summer experiences yet. The partnership between the Thomasville Public Library and our local businesses benefits children throughout our area with engaging activities and bridges the learning gap often experienced during summer break.

Summer Library Program 2025 was our biggest and best yet! For the first time, we were able to provide 9 weeks of programming, including weekly free food boxes for kids that coincided with our programming events. Over those 9 weeks we held 38 programs and events with nearly 5,300 attendees and participants (for reference, in 2024 we had 25 summer programs with 1,881 attendees). We have already begun working to make Summer Library Program 2026 even better, but this won't be possible without help from donors like you.

As our reputation for quality programming grows, we anticipate increased participation in our reading program and weekly events. Any contribution of items or monetary donations given will greatly aide us in rewarding children in our area. Prizes donated will go directly to the participating children, monetary donations will be spent on events, as well as on reading incentives for the children, and in return, your business will be recognized as a contributing partner that allows children to attend the June performances at the Civic Center in downtown Thomasville, and hands on activities at the Library for FREE.

We encourage you to consider your most generous donation; enclosed is a Sponsorship Brochure. Your investment pays forward in countless ways, and pays out a priceless dividend in young lives. Please feel free to reach out to us if you need any additional information about the program. Regardless of the response to this letter, we want to thank you for being an active supporter in the community.

Sincerely,

Elizabeth Megginson,
